

Expert Alumni Lecture Series Inauguration .

Expert Alumni Lecture -1

Held on January 19th of January 2018 at AC Seminar Hall. The **Expert Alumni Lecture Series** inaugurated by **Dr.P.T Abdu Azeez** (Principal, Sirsyed College) . Dr.Fazal Edakot (secretery of Alumni Association) welcomed all the guests for the program. The Programme Felicitated by V.K Saheed (Head of the Department) ,Prof. AV Vijayan , Mr Jaeel, Dr.Ashraf Vazhappully, Dr.A.R Biju , Mhd Sayeed t, Fazila PM, Shahabanu , Sarayu Jayadevan and the Expressed the vote of Thanks.

The First Lecture is given by **Dr Saheer VC** (Assistant Professor , Govt College Madappalli, An Alumni of IIT Madrass. The talk was about Application on computational design in chemistry. The seminar is chaired by Professor VK Saheed.

Expert Alumni Lecture Series is a series of lecture planned and designed by The Alumni Association in order to make the expertise available for the students of the department and each of the lecture will be given by one among the Professionals in the research field who is the alumni of the department.

Dr Saheer VC also got a token of appreciation as he awarded P.hD from Indian Institute of Technology , Madrass.

Expert Alumni Lecture -2 :

Expert Alumni Lecture -2 is given by **Dr. Mustafa O Mavakkandy** (Musdar Institute, Khalifa University of Science & Technology , Abudhabi,UAE an alumni of the Department (2004-07) on **Fine Tuning of PVDP embrains for enhanced water applications.**

Expert Lecture series – III

Held on 11.7.2018. Dr. Mohammed Farook, Head of desalination technology research institute, Saudi Arabia, delivered a lecture on the topic ‘ **water treatment** ‘

The Program was inaugurated by Dr.PT Abdul Azeez (Principal , Sir Syed College) And Presided by VK Saheed, Head of the Department.

Expert Lecture series – IV

Held on 20th of August 2019 At seminar Hall, The talk is given by Noushad KC, On the Topic “**Career Setting In Chemistry**”

Expert Alumni Lecture Series is a series of lecture planned and designed by The Alumni Association in order to make the expertise available for the students of the department and each of the lecture will be given by one among the Professionals in the research field who is the alumni of the department.

DEPARTMENT OF CHEMISTRY
SIR SYED COLLEGE, TALIPARAMBA

ALUMNI LECTURE SERIES-5

Seminar Title:

Relaxation NMR Differentiates the
Critical Interacting Residues Responsible for
Distinct Tau Fibril Morphologies

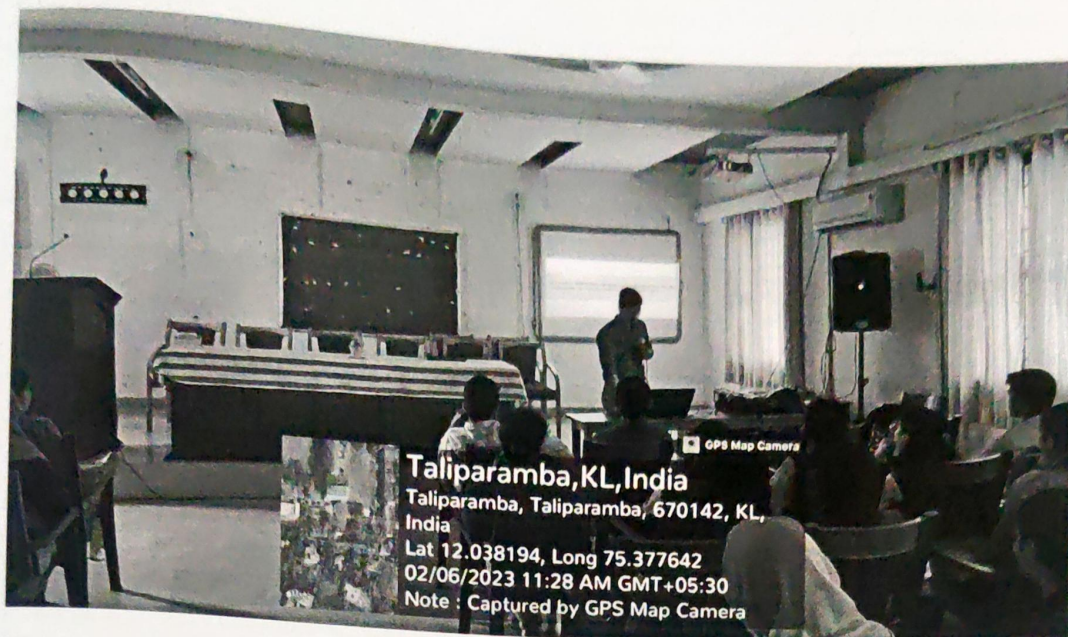

Dr. Muhammed Shafeek O.H.
Researcher/Scientist III at
University of Arizona- USA

2023 **06** MONDAY
FEBRUARY 10:30AM
SEMINAR HALL

Expert Alumni Lecture -5

Held on February 6th of 2023 at AC Seminar Hall. The **Expert Alumni Lecture Series-5** inaugurated by **Dr. Ismail Olaikara** (Principal, Sirsyed College) . **Dr. Fazal Edakot** (secretary of Alumni Association) welcomed all the guests for the program. The Program was felicitated by **Dr. A R Biju** (Head of the Department), **Dr. Ashraf Vazhappully**, **Dr. Rajeena KP** , **Mhd Sayeed t**, **Fazila PM**, **Shahabanu** , **Sarayu Jayadevan** and the Expressed the vote of Thanks.

The Fifth Lecture is given by **Dr Muhammed Shafeek OH** (Scientist III at University of Arizona-USA). The talk was about **Relaxation NMR differentiates the critical interacting Residues Responsible for Distinct Tau Fibril Morphologies**. The seminar is chaired by **Mr Muhammed Sayeed**.

Dr Muhammed Shafeek OH was a student of Department of Chemistry, SirSyed College from 2011 to 2014. The Department was fortunate to receive a set of prestigious books from Shafeek to the Department Library. All those books are highly useful for Post graduate and research Students of the
