

K24P 0263

Reg. No. :

Name :

**IV Semester M.Sc. Degree (C.B.S.S. – Reg./Supple. – (One Time Mercy
Chance)/Imp.) Examination, April 2024
(2014 Admission Onwards)**

BOTANY

BOT4 E 05 : Seed Technology

Time : 3 Hours

Max. Marks : 60

I. Answer **any two** of the following.

(2×8=16)

1) Explain the physiology and biochemistry of seed germination.

OR

2) Give an account on post-independence development in seed technology in India.

3) What are the different types of seed storage ? Mention the seed factors affecting storage life.

OR

4) Give an account on seed production in self-pollinated crops.

II. Answer **any two** of the following.

(2×6=12)

5) a) What is stratification ?

1

b) Differentiate primary and secondary dormancy.

2

c) Discuss various causes of seed dormancy.

3

6) a) What is the validity period of seed certificate ?

1

b) What is physical purity ?

2

c) What are the physical quality parameters ?

3

7) a) What is the tag colour of certified seed ?

1

b) What is nucleus seed ?

2

c) Differentiate between certified seed and truthful labelled seed.

3

P.T.O.

III. Answer **any six** of the following.

(6×3=18)

- 8) Discuss the stages of seed crop inspection.
- 9) How can genetic purity be maintained during seed production ?
- 10) Discuss the effects of storage environment on seed deterioration.
- 11) Give a brief account on maintenance of inbreed lines.
- 12) Describe briefly seed certification standards.
- 13) Explain the functions of NSC.
- 14) Write a note on germplasm bank.
- 15) Discuss the role of seed industries in India.

IV. Answer **any seven** of the following.

(7×2=14)

- 16) Define seed.
- 17) What is meant by breeder seed ?
- 18) Write a note on roughing.
- 19) What is composite sample ?
- 20) Mention the goals of seed technology.
- 21) What is meant by “off type” ?
- 22) Define seed priming.
- 23) What is meant by pollen shedders ?
- 24) Write a note on seed coat characters.
- 25) What is DUS test ? What is its use ?
