

RECRUITMENT NOTICE

The India Turtle Conservation Program undertakes conservation, research, and community outreach programmes, primarily in the Ganga-Brahmaputra plains that bring turtles as well as other lesser known aquatic wildlife such as gangetic dolphins and crocodilians and their habitats on the conservation map of the country.

Applications are invited for various contractual positions for Programme Officer (01), Education Officer (01), Asst. Project Officer (02) and Veterinary Intern (01) as detailed in the table below.

Application Process:

Please go through the required qualifications and eligibility before applying (Table 1).

To apply, fill this form <https://forms.gle/8mvVcpggdg1rHzym9> and attach your CV and a Statement of Purpose (200-250 words), explaining why you are interested in joining the applied position by 30 January, 2025.

Upon shortlisting of the applications by the Review Committee, selected candidates will be communicated and informed about the date of online interview before a panel of experts.

Selected candidates should join the respective positions within one week from the date of selection.
